## OFSTED INSPECTION

TS2000 Ltd are extremely delighted to have achieved **8 Grade 1's (Outstanding)** in our recent Ofsted Inspection. The lead HMI Inspector told us that we were 'unique' and that their findings/gradings must surely put us amongst the top few Training Providers in the Country. It is very rewarding to have an organisation such as Ofsted recognise all the hard work that we put in to help individuals gain jobs, skills and qualifications which will help them to progress within their chosen career.

This recognition is also for the hard work our staff, learners, and working partners have put in and we must not forget the very supportive employers we work with and their significant contribution to this achievement.

These results take us into the top 5% in the country in terms of providers being graded outstanding by Ofsted.

### TS2000's Inspection Grades
